

Campers,

It's almost here!! **Wild West Virginia** is just days away, and we can't wait to experience this amazing week with you.

You should have received a letter with a packing list from us some time ago. If you have not; please, do. It hesitate and contact me immediately. After you have viewed the packing list; let us know if there is anything you are lacking or have questions about. I will tell you that each item listed is listed for good reason.

As a reminder, we will **check in Saturday, June 8th at 6:00 pm at main camp.**
Please, eat your supper before arriving.

Just to back up the packing list we previously sent, here it is again:

It is necessary/mandatory to bring a tent to camp in. If you are attending with a friend of the same sex; it is alright to share that sleeping space with that person. Understand, that part of our camping time will require hiking miles into the campsite, therefore, the weight of your gear needs to be considered. Please, let us know if you have issues obtaining gear, or what gear to get. Camping out does require its own gear, so be prepared with that. I do want you to remember your Bible, rain gear, a journal or full pad of paper and PLEASE bring shoes both for outdoors (preferably not tennis shoes) and shoes that can get wet (sandals, crocs, all with straps, etc.) You will NEED a good backpack to hike multiple miles with and hold ALL YOUR GEAR. Packs that hold 45-50 liters or more are recommended with a chest strap and a waist strap. We also recommend two water bottles of no less than 32 oz each. If you intend to hammock camp, please note there may not always be trees suitable for set up at every campsite. Both a tent and a hammock are fine, just be prepared to carry either or both. You will need camp dinner ware (cup/bowl, spoon/fork, knife and/or multi-tool). Make sure you bring a towel or two and all the stuff you NEED to get clean (toothbrush and toothpaste, deodorant, soap, etc.) One day, we will be spelunking (caving). YOU WILL GET MUDDY, so be prepared. There will be time to swim in creeks and rivers; just follow the camp guideline for swimwear. One of those days will be whitewater rafting. Additionally, we will be rappelling from a cliff next to on of our campsites. You will not be forced to participate, but we definitely encourage you to step forward and experience this great part of the adventure. We will return from West Virginia Friday evening, to right where we began. Veterans, be aware things might be different from what you're used to. Our week will conclude, Saturday, with an exciting time together. We will dismiss with checkout at 10:00 am. Troy, Tracy, Misty and Jaime can't wait to see you all! God is going to show up and show off. I can just tell.

God Bless,
Troy Roush
