

July 1, 2020

Dear Parents and Guardians,

My name is Kevin Stuckey, and I will be leading your upcoming week of camp, Wilderness Quest 2 at Butler Springs Christian Camp. I am the preaching minister at The Leesburg Church of Christ, where I have served the past 14 years. I have helped with various camps and lead basketball camps at Butler Springs as well. My wife Emma will be leading the week with me as well as Jana Hodson and Jacob and Deana Zink.

Wilderness Quest campers participate in the activities that Butler Springs has to offer like swimming, archery, zip line, and the big swing. But we also have the opportunity to enjoy the natural beauty of nature through hiking in the woods in and around the camp, rafting on the Little Miami River (weather permitting), and sleeping in tents.

As you well know, 2020 has been unusual in many ways, and church camp is not exempt from these changes. Despite these differences, I am confident we will still be able to have a great week of camp. I would encourage you to familiarize yourself with the precautions that the camp is taking this summer due to covid-19. The second document that you should familiarize yourself with is the list of things to bring and not bring to Butler Springs. The nature of Wilderness Quest makes certain items more important: shoes that are sturdy enough to walk up and down hills, a pair of "water shoes" for our day on the Little Miami River, bug spray, sunscreen, and a flashlight with extra batteries. Last, but most importantly, students need to bring a Bible.

My aim for your kids during the week is to grow closer to God but also develop some tools to understand the relationship we have with God on a much deeper level. We will be focussing on 7 practical checkpoints for a Godly life.

Every summer Butler Springs chooses a mission to support. The mission this year will be Zimbabwe Outreach Mission with the Begerly's. We will have more information to share about their work in Africa during the week. I encourage your campers to bring money to support this mission.

We are looking forward to the week. Don't hesitate to call me at 937.402.0767 if you have any questions for me before our session starts.

Thanks,
Kevin Stuckey
