

## Discover Safari Camp 1

Our weekend is quickly approaching, and I am very excited about exploring God's creation and learning more about the Fruits of the Spirit with you. During our time, we will get to do many adventures (archery, zip line, low ropes, swimming, bazooka ball, climbing wall) and dive into God's word.

My husband and I have been deans of various safari camps for around 20 years. We love to camp and spend time outdoors. I am a 4<sup>th</sup> grade teacher at North Adams Elementary and mother of 3 children (19, 17, 15 years old).

I am looking forward to meeting each of you and can't wait for an amazing weekend!

Lisa

Tips (We have learned from over the years.):

- \*\*Pack each outfit in a separate Ziploc bag.
- \*\*Bring extra towels and clothes that can get dirty. You will also need a pair of tennis shoes for some of the activities.
- \*\*We will be outdoors with no electricity. (Leave electronic devices at home.)
