

Dear Campers and Families,

Horse Camp is quickly approaching, and I bet that your child is as excited as we are for what that week will bring! We have a wonderful faculty who are praying for your children and that God will use us to bless and guide them.

Our theme is **Lighten Up!** and we will focus on walking in the Light and being the light to the world. We will be challenging campers to learn to navigate the Bible, so work on learning the books of the Bible during this next month.

**Check the camp website for a complete packing list, but here are some particulars for this week:**

Hat, Rain Jacket and water bottle with name on it; Sunscreen and Insect Repellent.

Jeans or riding pants for each day. Leggings and nylon/lycra athletic pants are **not** riding pants. Jeans/pants should not be too tight or too loose, and should cover undergarments when bending over. Shirts that cover the shoulder must be worn while riding. Boots with flat sole and low heel worn with crew/boot/athletic socks are essential. Campers may bring rubber boots as well in case of mud.

Bring a bath towel + a swimming towel + a face towel and washcloth, soap, shampoo and deodorant. Leave the perfumed sprays at home.

No dangling jewelry or artificial fingernails. Any piercings other than ears must be removed for safety

We want to enjoy God's creation, the horses, and each other without the disruption of electronics, so **\*leave phones, I-Pods, tablets, and alarm clocks at home.** Campers may bring a Camera to take pictures.

Horse Camp is different than any other camp. We have 18 Campers ranging in age from 10 to 17 years, of varying sizes and riding levels. We strive to coordinate the best fit of horse and rider, so we ask that campers come with positive and accepting attitudes. We will show the same towards each camper.

Please complete the enclosed waiver, with camper and parents' signatures (both parents if both are custodial) and bring it with you to check-in. The faculty and I look forward to meeting you and spending a week of fun, challenge and growth with you as we seek God's light of life!

Sincerely,

Carole Bower, Dean
